MRS. JOHN C. BODGER
SHEHERAZADE

HOQUIAM
WASHINGTON

Greetings Friends!

We at Wilshire Gardens are happy to have the opportunity once a year to send you a special message. We receive so many kind letters and cards from friends and customers asking us for special information, sending us pictures of their gardens, praising our bulbs, thanking us for an extra bulb we have tucked in—and this is the only way we are able to reply to many of these letters. Keep right on sending them. You do not know how much we enjoy hearing from you and how much we would like to answer each one. It makes us feel as though we have personal friends all over this country of ours and as though we would like to look in on your gardens now and then to see how things are coming along.

AND A BIT OF NEWS—and GOOD NEWS!

PRICES ARE DOWN on most varieties of bulbs. You who have been waiting for Tunis and Mrs. R. O. Backhouse, for Beersheba and Fortune, and others of the finer varieties of Daffodils will feel that you need wait no longer for the prices are down even lower than pre-war level.

You will find a number of new varieties of bulbs in our catalog this year. Outstanding among these are Mrs. John Bodger, one of the newer white Daffodils, Hades, an outstanding Red-Cup, and Royal Sovereign, a very lovely semi-double. In the Tulip list are several new Parrots, and in the Lilies specially selected strains of Candidum, Centifolium, Umbellatum, Henryi, and the Pink Trumpet variety, from one of the outstanding Lily hybridists of the Northwest. Any or all of these varieties are worthy of a spot in your gardens.

TRUMPET DAFFODILS - YELLOW

In this group the trumpet or crown is as long or longer than the perianth petals.
AEROLITE—A large golden daffodil of graceful form. The perianth is deep primrose with a pure medium yellow trumpet, left in bold relief by the broad pointed star formed by the flat outer petals, an inch and a half wide. Medium early and one of the longest lasting. 3 for 50c, doz. \$1.80

ALASNAM—Very early. A short, densely frilled trumpet of deep yellow; perianth a shade lighter. Upright blossom on sturdy stem. Excellent for outside planting and for forcing in pots. 3 for 50c, doz. \$1.60

BEN HUR—One of the best of the new trumpet daffodils. The trumpet is deeply frilled, of pure Roman gold and opens to a width of 2 1/2 inches. The perianth is in proportion, making a very large well shaped blossom. 3 for 65c, doz. \$2.20

DAWSON CITY—Excellent garden variety and of value for exhibition. Broad flat perianth of smooth substance, well-formed flanged trumpet, of a self golden-yellow.

3 for 60c, doz. \$1.90

DIOTIMA—The most popular of the super-giant yellow trumpets. A beautifully proportioned flower carried on a graceful tapering stem 2 feet tall. The broad overlapping petals form a star-shaped perianth of medium deep primrose; the trumpet is slightly darker. The blossom stands out in bold contrast with all other yellow trumpets.

Each 75c, 3 for \$2.10, doz. \$7.20

EMPEROR—One of the later varieties. Perianth primrose with darker trumpet. Fine for bedding or forcing in pots.

3 for 50c, doz. \$1.60

GOLDEN HARVEST—One of the largest trumpet varieties. Overlapping perianth and well formed trumpet with rolled back brim. Deep golden yellow. 3 for 50c, doz. \$1.80

HECTOR TREUB—Uniform golden yellow. Most beautiful proportions, the petals overlapping and the flower well balanced.

3 for 40c, doz. \$1.40

KING ALFRED—The best known and one of the finest of all the Yellow Trumpets. A deep golden yellow trumpet with a flange decidedly recurved, perianth yellow. A flower of wonderful substance which will stand any kind of weather or handling. The most popular variety with florists. 3 for 40c, doz. \$1.50, per 100 \$10.50

LORD WELLINGTON—A magnificent deep golden yellow trumpet daffodil with broad petals and large trumpet carried on a tall stiff stem. Larger than King Alfred and fine for display or cutting.

Each 75c, 3 for \$2.00, doz. \$7.50

OLYMPIA—A blossom of the Emperor type but improved in form and size. Free flowering and hardy. Excellent for cutting.

3 for 50c, doz. \$1.80

STATENDAM—Extremely large golden yellow trumpet daffodil of superb yet graceful proportions. Massive overlapping deep golden yellow perianth, large, flaring, well formed trumpet. Very vigorous grower.

Each 40c, 3 for \$1.10, doz. \$4.00

THE FIRST—The earliest of the Yellow Trumpets. Large blossom with deep yellow trumpet and perianth a lighter shade. The best variety to plant for early flowering.

3 for 40c, doz. \$1.50

TRESSERVE—One of the leaders among the new Giant trumpets; deep canary yellow with a paler perianth, the segments of which reach forward toward the trumpet; trumpet 2 inches across and deeply lacinated.

3 for 45c, doz. \$1.60

WARWICK—One of the striking King Alfred seedlings, outstanding in every way. Color a little deeper than King Alfred, blooming a little earlier, flower of good substance and keeping qualities.

3 for 65c, doz. \$2.20

WINTER GOLD—Very early flower of great merit. Perianth is bright yellow, trumpet long and straight, and prettily frilled. Good for pots and garden.

3 for 50c, doz. \$1.80

TRUMPET DAFFODILS – WHITE

ADA FINCH—One of the very earliest daffodils to flower. Pure white, overlapping perianth, large, finely proportioned trumpet with deeply flanged and rolled rim. The immense flower is carried on a tall, stiff stem and the entire plant is beautifully proportioned.

Each \$1.60, 3 for \$4.50, doz. \$16.00

BEERSHEBA—A most beautiful pure white flower. A large, perfectly flat perianth, a very long trumpet, narrow at the base, gently tapering to a beautifully flanged mouth. A blossom of great size measuring about 5 inches across, but of dainty appearance because of the slenderness of the trumpet. An outstanding exhibition variety.

3 for \$1.10, doz. \$4.00

ESKIMO—In contrast to Beersheba this white daffodil has a wide open trumpet. The perianth is broad, the color of the blossom pale primrose on opening but quickly turning to a pure white. A very fine flower of great substance.

Each \$2.80, 3 for \$8.00

LA VESTALE—Giant trumpet type with pure ivory white perianth of informal design, with trumpet of deep cream-yellow, tall, fine for small groups or naturalizing in dim shade; though of delicate appearance, it is of extra good substance and lasts well. Very early.

Each 40c, 3 for \$1.10, doz. \$4.00

MRS. E. H. KRELAGE—The “White King Alfred”. The flower is a little smaller than King Alfred with a pure white perianth, trumpet opening deep cream but changing to ivory white. The trumpet is of smooth and waxy texture and deeply recurving at the mouth. Has splendid keeping qualities.

3 for 75c, doz. \$2.80

MRS. JOHN BODGER—The most exquisite white trumpet. A semi-dwarf plant with flower of medium size. The perianth pure white, the trumpet cream, slightly flared and fluted. See illustration on our front cover.

Each \$1.00, 3 for \$2.75, doz. \$10.00

ROSABELLA—Fine informal perianth of creamy white; slightly flaring and nicely frilled apricot-pink trumpet. A very refined blossom. Like Mrs. Backhouse and Love Nest classed as a “pink” daffodil.

Each \$6.00

ROXANE—An outstanding white. Large creamy white trumpet with round overlapping pure white perianth. The trumpet is nicely frilled at the mouth. Foliage is broad-leaved and the bulb very fine for pot culture.

3 for 75c, doz. \$2.80

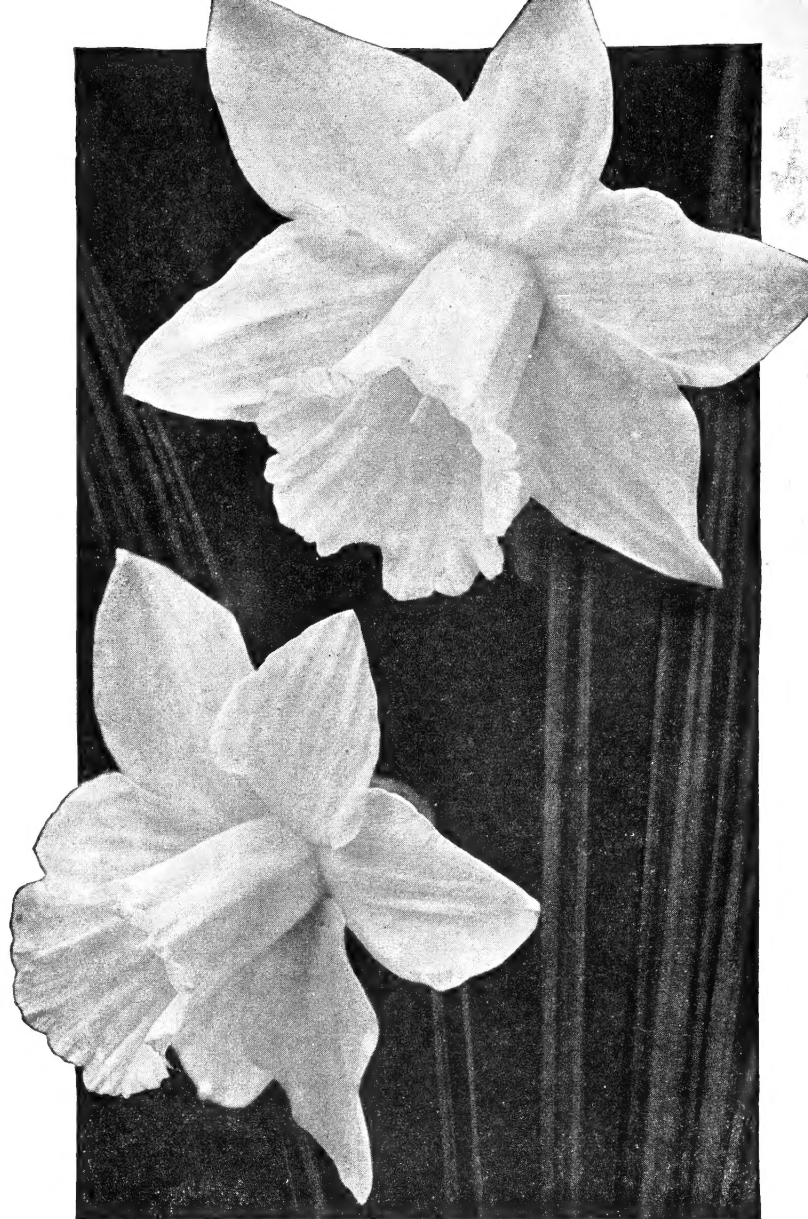

W. P. MILNER—A charming free-flowering variety especially recommended for rock gardens. Height about 11 in. The flowers are drooping and dainty; color pale sulphur.

Each 35c, 3 for 95c, doz. \$3.25

SPRING GLORY

HOQUIAM, WASHINGTON

BEERSHEBA

TRUMPET DAFFODILS – BI-COLOR

LOVE NEST—One of the very few members of the “pink” daffodil class. Among the daintiest of the trumpets; medium in height with a starry shaped perianth of informal type; nicely proportioned trumpet of saffron yellow turning to apricot pink. Very early.

Each 50c, 3 for \$1.40, doz. \$5.00

GLORY OF SASSENHEIM—A fine cream-white perianth; trumpet rich yellow. One of the standard long trumpet BI-COLORS.

3 for 40c, doz. \$1.50

JEFTA—Very delicately colored giant trumpet; cream colored perianth and pale lemon trumpet slightly recurved at the mouth. Early.

Each 50c, 3 for \$1.45, doz. \$4.80

ROBERT E. LEE—A striking new giant BI-COLOR with frilled lemon-yellow trumpet 2 inches across; perianth pale citron; outstanding as an exhibition flower.

Each \$4.00

SPRING GLORY—A favorite variety for the garden and for pot culture. The best of the BI-COLORS. Pure yellow trumpet, white perianth, excellent stem and always free blooming.

3 for 55c, doz. \$2.00

VICTORIA—One of the smaller flowered BI-COLORS. Perianth cream-white, trumpet yellow. Very fine for forcing in pots as well as growing in the garden.

3 for 55c, doz. \$2.00

INCOMPARABILIS NARCISSUS

In this group the cup or crown is not less than one-third but less than equal to the length of the perianth segments.

BERNARDINO—Perianth creamy white, cup yellow edged orange. Very free flowering.

3 for 30c, doz. \$1.10

CARLTON—A very large blossom with flat overlapping perianth and large expanded crown. Color a fine clear yellow. Broad leaved foliage. Long stems. An outstanding daffodil.

3 for 50c, doz. \$1.80

CARMENCITA—Broad overlapping perianth of a cream shade, cup a uniform pure orange with deeply frilled edge. Long stems. Very striking.

Each \$2.50

CROESUS—Universally popular both for garden and for exhibition; light canary yellow perianth of perfect form, with outer petals nearly touching, the inner ones overlapping, opening flat; broad fluted cup of rich orange to the base. Desirable in every way.

3 for 35c, doz. \$1.30

DICK WELLBAND—One of the finest of the Incomparabilis type. The flower is large, the stems long, it is a very strong grower and very free flowering. The perianth is pure white, the cup flame orange to the base making a startling contrast. It is a fine exhibition variety.

3 for 75c, doz. \$2.80

FORTUNE—A giant Incomparabilis of perfect form. Broad creamy yellow perianth of very solid texture, crown of great size and elegant form, opening at the mouth and deeply frilled; color a glowing soft orange. The stems are extremely long and the plant a strong grower. Comes into flower very early.

Each 40c, 3 for \$1.10, doz. \$4.00

FRANCISKA DRAKE—It is impossible to describe adequately the beauty of this unusual flower. The pure white perianth petals are of fine substance, an inch and a half wide and colored gold at the base; the cup, wide and deep, is golden yellow at the base, changing to flame orange at the densely frilled edge. Foliage fine and strong growing.

3 for 50c, doz. \$1.80

GREAT WARLEY—Perianth very large and pure white, large lemon-yellow cup. Stems medium. One of the older standard varieties and well liked over a period of years.

3 for 50c, doz. \$1.75

HADES—A very strong vigorous variety. Large creamy white perianth of excellent substance, large expanded crown of a real deep cherry red.

Each 80c, 3 for \$2.25, doz. \$8.00

HELIOS—A very early variety with golden yellow perianth and cup of a slightly darker shade verging on light orange. Long stems.

3 for 35c, doz. \$1.30

JEFFERSON DAVIS—A very artistic blossom, perianth white with the three inner petals slightly curled, cup a deep orange-yellow shading to orange. An outstanding flower.

3 for 90c, doz. \$3.25

JOHN EVELYN—This variety is one of the most popular daffodils. The blossom is very large, the perianth pure glistening white, the cup lemon yellow, large and opened wide, and densely frilled and shirred to the base. This is a variety every daffodil lover should have.

3 for 55c, doz. \$2.00

GERTIE MILLAR AND FRANCISKA DRAKE

LUCINIUS—An all yellow flower of especially good form and with good keeping qualities. Blooms rather late and lasts a long time in the garden. Star-shaped perianth and broad golden yellow cup.

3 for 40c, doz. \$1.40

MI-CAREME—Perianth is light yellow, trumpet of deep yellow shading to light orange and quite deeply frilled. Blooms very early.

3 for 35c, doz. \$1.20

MILFORD HAVEN—Fine flower with creamy white perianth and wide cup, ruffled and deeply frilled at the edge, chrome yellow at base and shading into rich orange-scarlet.

3 for 50c, doz. \$1.80

PYGMALION—One of the famous Backhouse hybrids. Extra large perianth of pale citron and a deep trumpet orange-yellow shading to blood-orange at the nicely frilled edge; broad strong foliage and tall stem with upright neck, holding the flower well aloft; extra fine.

Each 80c, 3 for \$2.30

RED CROSS—Another of the Backhouse hybrids and a most popular variety. Has extra large strong flower opening flat, perianth primrose yellow, cup densely frilled, orange at the base shading to a deeper orange at the edge. Stems very long, flowers of good substance and long lasting.

3 for 55c, doz. \$2.00

RED SHADOW—A bold and attractive flower blooming very late. The perianth is cream yellow, the cup dark yellow with an orange-red edge. It is very free flowering and a strong grower. An outstanding variety.

3 for 55c, doz. \$2.00

SHEHERAZADE—The perianth of this variety is citron yellow, the cup chrome yellow and deeply frilled. The stems are extremely long like those of Fortune.

Each \$1.50, 3 for \$4.00

I want to thank you very much for the lovely holly and evergreens you sent at Christmas. Everything I have received from you has been in excellent condition and has done well in my garden.

Mrs. G.,

SCARLET LEADER—One of the most sensational flowers of recent years. The creamy petals of the perianth are very broad and overlapping; the cup opens quite wide and is of a fiery-orange shade. Very striking as an exhibition variety.

Each \$2.00

SIR WATKIN—This is one of the standard varieties for pot growing but does equally well in the garden. Perianth is sulphur yellow, the cup yellow tinted orange. It has a pleasing fragrance and is nice for bedding as the blossom faces up.

3 for 35c, doz. \$1.30, 100 for \$9.00

STELLA PRATT—Perianth is a light primrose yellow; the cup deep yellow shading to orange. Somewhat similar to Red Cross but flowering later.

3 for 55c, doz. \$2.00

TAGORE—A flower outstanding for its contrasting color. The perianth is primrose yellow, the trumpet is deep orange and straight rather than flaring. Stems are medium length, flowering season late.

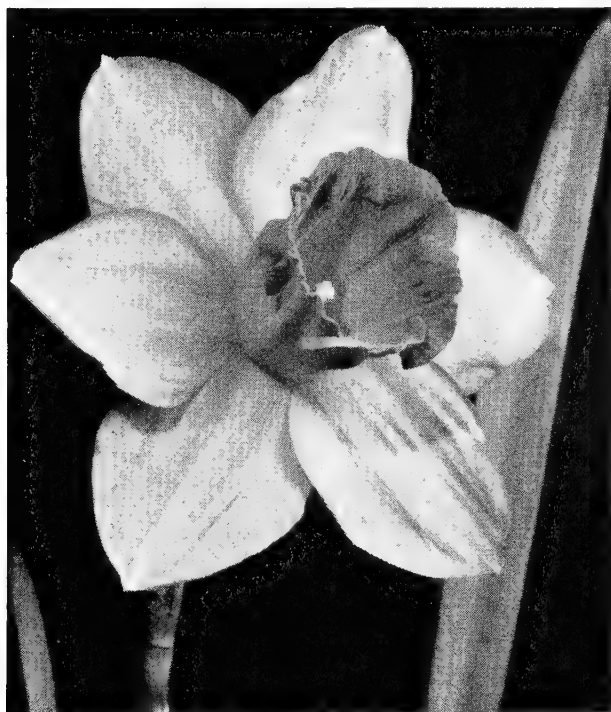

3 for 40c, doz. \$1.50

WHITELEY GEM—The earliest of the Red-cups and an outstanding variety. A well balanced flower on a very tall stem. The coloring is deep golden yellow in the perianth and bright orange in the cup. The petals are broad but not overlapping, the cup nicely fluted.

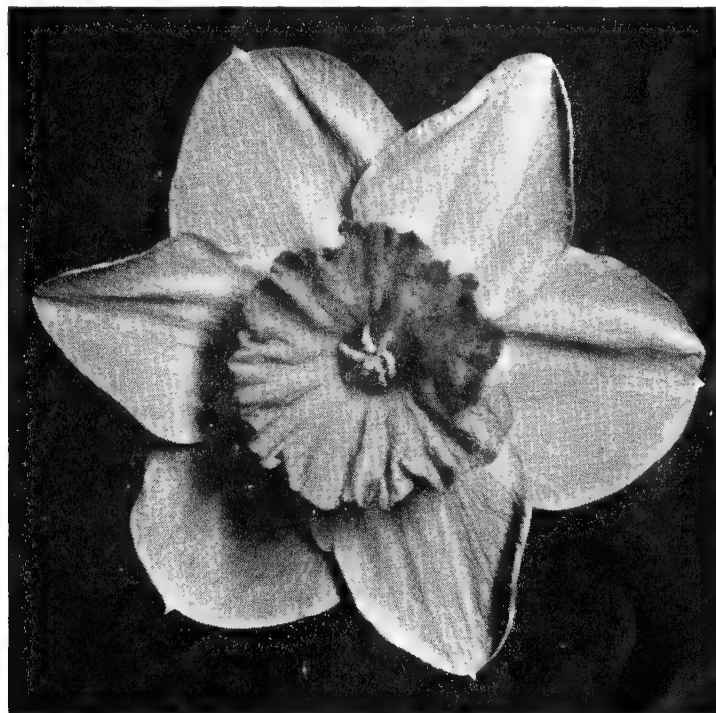

3 for 55c, doz. \$2.00

YELLOW POPPY—A good forcing variety. Overlapping perianth of primrose yellow. Widely flaring cup of bright yellow. Fine for bedding.

3 for 35c, doz. \$1.30

HELIOS

CROESUS

LADY MOORE

FIRETAIL

MRS. BARCLAY

BARRII NARCISSUS

In this group the cup or crown is less than one-third the length of the perianth segments.

ALCIDA—Giant flower, creamy white perianth opening flat, with petals 1½ inches wide; broad citron-yellow cup with blood-orange frill; strong grower and free-flowering; very late.

3 for 40c, doz. \$1.40

BATH'S FLAME—Yellow perianth with short, darker yellow cup deeply edged orange-scarlet. Very long stems and frilled cup.

3 for 35c, doz. \$1.30

DIANA KASNER—One of the most popular of the short-cupped varieties. A cream-yellow perianth and a large fluted yellow cup with a deep red frilled edge. Has long stems, flowers abundantly and increases rapidly. Also is good for pot culture.

3 for 30c, doz. \$1.10

ECLAIR—Semi-Poeticus type with broad overlapping perianth of purest white; shallow cup yellow at base shading to deep blood-red. Very late.

Each \$1.60, 3 for \$4.60

EDITH—A new Poeticus-type Barrii with a cream-white overlapping perianth and a very flat bright red cup. Very outstanding in the garden.

3 for 70c, doz. \$2.40

FIRETAIL—A very popular red-eyed Barrii. Exceptionally broad perianth petals of cream-white and large orange cup with orange-red frill.

3 for 55c, doz. \$2.00

FLEUR—A glistening white perianth, petals slightly reflexed; citron yellow cup deeply frilled and edged orange-red.

3 for 90c, doz. \$3.20

LADY MOORE—Medium size flower with white perianth and citron yellow cup with a dainty picotee edge.

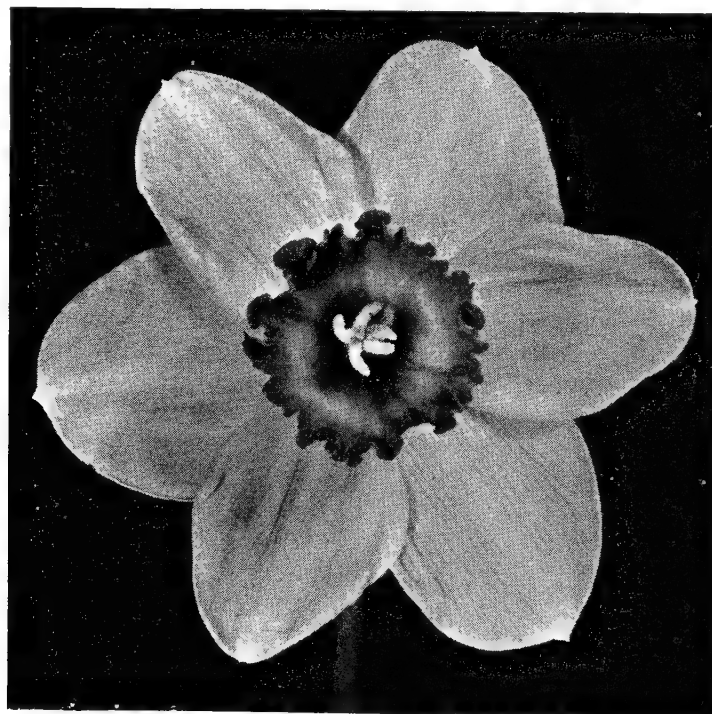

3 for 40c, doz. \$1.50

MRS. BARCLAY—A showy large flower on a very long stem. Color is pale primrose, perianth petals broad, cup flat, deeply frilled, and with a dainty orange picotee edge.

3 for 40c, doz. \$1.40

NANNY NUNN—A flower of medium size with a cream-white perianth and bright orange cup. Blooms rather late.

3 for 40c, doz. \$1.50

DIANA KASNER

LEEDSI NARCISSUS

In this group the perianth is white, the cup or crown white, cream, or pale citron, sometimes tinged with pink or apricot.

DAISY SCHAFFER—A prize winning flower in the giant Leedsii type. The blossom resembles the giant trumpets in shape with a 4½ inch spread. The perianth is pure white, the long trumpet opens primrose changing to lemon yellow. Outstanding in any group of daffodils.

Each 40c, 3 for \$1.10, doz. \$4.00

GERTIE MILLAR—Another of the Giant Leedsii type. The perianth is pure white, the cup pale primrose deeply fluted and frilled. A beautiful flower.

Each 40c, 3 for \$1.10, doz. \$4.00

HERA—A very dainty near-white short-cupped daffodil. The flower is of medium size with broad white petals and a short deeply frilled cream-white cup with just a mere touch of pale primrose on the edge. Blooms rather late.

3 for 30c, doz. \$1.10

MRS. NETTIE O'MELVENY—An immensely popular short crowned daffodil. The flower is rather large on a long, graceful stem; perianth pure white, cup clear lemon-yellow with a bright orange picotee edge.

3 for 30c, doz. \$1.10

MRS. R. O. BACKHOUSE—This is the famous real pink daffodil. The perianth is ivory white, the trumpet long and slender similar to that of Beersheba, the all-white daffodil. The color of the trumpet is apricot pink when first opening, later changing to shell pink at the deeply frilled edge. Blooms rather early; flowers long lasting. Very refined and dainty.

Each 60c, 3 for \$1.75, doz. \$6.00

QUICKSILVER—Well named silvery white flower of pleasing proportions. Very graceful and fine for garden and show purposes.

Each \$1.60, 3 for \$4.60

SILVER STAR—A free flowering extra fine white. A broad-petaled perianth of pure cream-white, with a wide-mouthed trumpet of primrose changing to cream-white as the bloom matures. A very popular variety.

3 for 65c, doz. \$2.40

TUNIS—A large and robust Leedsii of great distinction. The white perianth petals are broad and waved; the large bold cup is ivory with a flanged and serrated rim of coppery gold. A long-stemmed variety of wonderful substance so that it stands up well even under adverse weather conditions.

3 for 65c, doz. \$2.40

VERONICA—A very lovely and dainty flower; the broad petals perfectly rounded and pure white; the small cup deeply frilled and fluted and of a pink-apricot shade.

Each \$4.00

WHITE NILE—Perianth of white with broad cup of pale lemon changing as the flower develops to almost pure white. The flowers droop daintily. A good exhibition variety.

3 for \$1.00, doz. \$3.65

See page 3 of our order blanks in center of catalog for our offer of HOLLY and CHRISTMAS GREENS

I received my bulb order today and wish to thank you for the wonderful double nose bulbs you sent. They are the best I've received this year from anyone. I am quite thrilled with them.

K. E. C.,
San Gabriel, Calif.

HOQUIAM, WASHINGTON

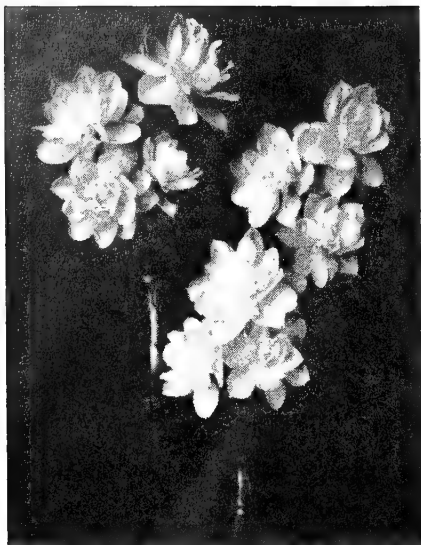

DAISY SCHAFFER

HERA

SILVER STAR

DOUBLE JONQUILS

MOONSHINE

JONQUILLA SIMPLEX

NARCISSUS TRIANDRUS AND CYCLAMINEUS HYBRIDS

Flowers more or less drooping, of elegant form and graceful habit.

MOONSHINE—A beautiful Triandrus hybrid of creamy white. A great favorite. The flowers grow two or three to the stem and are of the drooping habit.

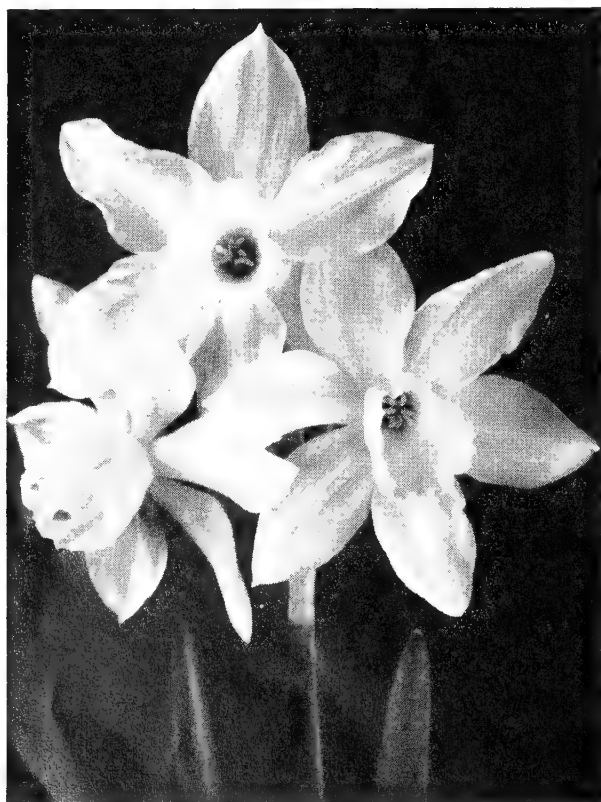

3 for 50c, doz. \$1.80

SHOT SILK—This is the most graceful flower in the Triandrus class. It has three flowers to the stem; the perianth and cup are of uniform cream-white, the cup long and slender.

3 for \$1.10, doz. \$4.00

SILVER CHIMES—A perianth of pure white with a cup of pale primrose. Each stem has a cluster of from three to six blossoms. Fine for growing in pots. It is not perfectly hardy in cold climates but does well on the Pacific Coast.

Each \$1.20

SHOT SILK

THALIA—A pure white blossom growing two to three on a stem. A very popular variety. Good for growing in pots as well as in the garden.

3 for 65c, doz. \$2.40

FEBRUARY GOLD (Cyclamineus)—Very early flowering. The perianth is golden yellow and reflexed like a Cyclamen. The trumpet is straight and tube-like, color golden yellow, fringed orange.

3 for 50c, doz. \$1.80

JONQUILS

JONQUILLA SIMPLEX—The true single sweet jonquil, of elegant growth, bearing outdoors in May charming clusters of rich yellow flowers of delicious scent.

Per doz. \$1.00

GENERAL PERSHING—A Jonquil hybrid. Very large blossoms measuring 3 inches across. The color is pure jonquil gold; the trumpet darker than the perianth. The foliage is flat but very long and narrow. A lovely flower in every way.

Each 60c, 3 for \$1.75, doz. \$6.00

GOLDEN PERFECTION—A perfect perianth with wide overlapping segments of deep citron yellow with a mica sheen; cup of pure gold; calyx grey-green flecked with gold.

3 for 55c, doz. \$2.00

GOLDEN SCEPTRE—A medium sized perfectly built flower of jonquil gold. The perianth is star shaped, the trumpet slightly rolled and flaring at the mouth. Blooms rather late and is of extra fine substance keeping in perfect condition a long time both in the garden and when cut.

3 for 35c, doz. \$1.20

LADY HILLINGDON—A cluster flowering type blooming earlier than Golden Sceptre. Perianth is a clear butter yellow, the outer three petals opening flat, the inner three curving upwards toward the medium trumpet of jonquil yellow. Stem very tall and foliage attractive. Like Golden Sceptre it is long lasting in the garden and when cut.

3 for 45c, doz. \$1.60

ODORUS CAMPERNELLI—Clusters of bright yellow fragrant flowers. Foliage dark green and rush-like. Height 18 inches. Very fine in the garden and for forcing in pots.

Doz. \$1.10

O. CAMPERNELLI PLENUS—The double Camperneli, similar in every way to the single type above but with flowers double.

Doz. \$1.10

ORANGE QUEEN—A cluster-type Camperneli with two to three blossoms on a strong, wiry stem. The blossoms are deep golden orange and very fragrant. They make a brilliant spot in the garden and are also fine for cutting.

3 for 45c, doz. \$1.60

TREVITHIAN—A free-flowering short crowned jonquil; very sweet scented and of a pale lemon-yellow.

3 for 45c, doz. \$1.40

POETAZ NARCISSUS — Bunch-flowered

ADMIRATION—A sulphur yellow blossom, the cup having a scarlet edge. The individual flowers are of good size and like all Poetaz hybrids are very fragrant.

3 for 50c, doz. \$1.85

CHEERFULNESS — A very popular double Poetaz. The petals are broad and cream-white. The center of the bloom is made up of larger cream-white and short pale yellow petals, a very pretty effect. Several blossoms on each stem.

3 for 35c, doz. \$1.20

ELVIRA—A bunch-flowered type with cream-white perianth and shallow cup of bright yellow edged with deeper yellow.

Doz. \$1.10

GLORIOUS—Tall flower delightfully informal in habit of growth; perianth glistening white, the shallow cup orange with red edge. Very outstanding.

3 for 45c, doz. \$1.60

KLONDYKE—One of the best of the yellow Bunch-flowered varieties. The perianth is rich yellow, the cup orange-yellow.

Doz. \$1.00

LAURENS KOSTER—Creamy white perianth, lemon-yellow cup. Many flowers on a stem. Is very fine for pot growing and always good in the garden and for cutting.

Doz. \$1.00

ORANGE CUP—The perianth is yellow, the cup orange-red and nicely frilled. Quite early and very showy.

Doz. \$1.00

SCARLET GEM—A fine flower for exhibition and also for forcing. Perianth primrose-yellow; cup a bright orange scarlet. Four to five flowers on a stem.

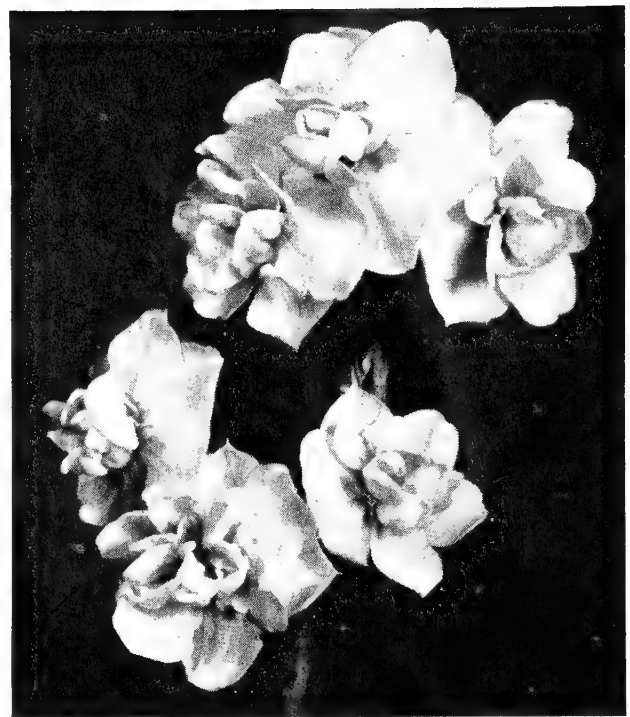

3 for 35c, doz. \$1.35

ST. AGNES—One of the best of the cream-white type. Two to three large flowers on a tall stem; cream-white perianth of flat broad petals, broad orange-red cup.

3 for 50c, doz. \$1.80

CANALICULATUS — A dainty little Polyanthus Narcissus suitable for sunny situations or in the rock garden; it has narrow erect foliage of bluish green and bears heads of three to four flowers with white perianth and globular golden cup; sweet scented; height 6 inches.

3 for 30c, doz. \$1.00

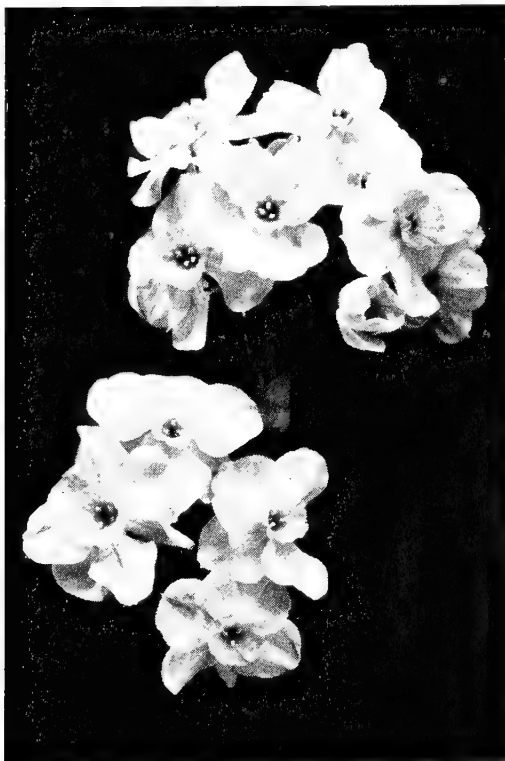

CHEERFULNESS

NORTHWEST GROWN DAFFODILS ARE AMERICA'S FINEST

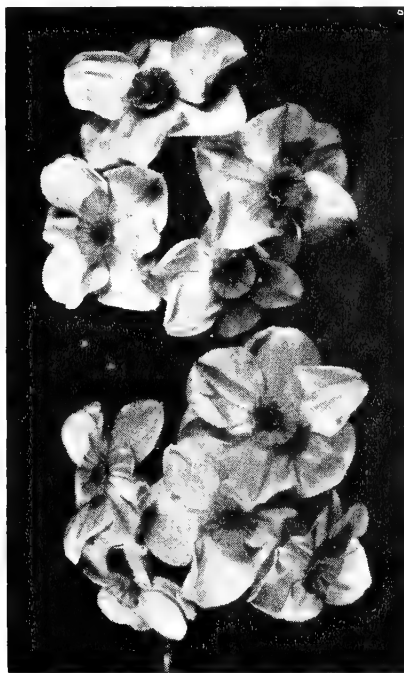

Berkeley, Calif.

I received my bulbs yesterday. Pleased—I was more than pleased! They are the finest bulbs I have ever received.

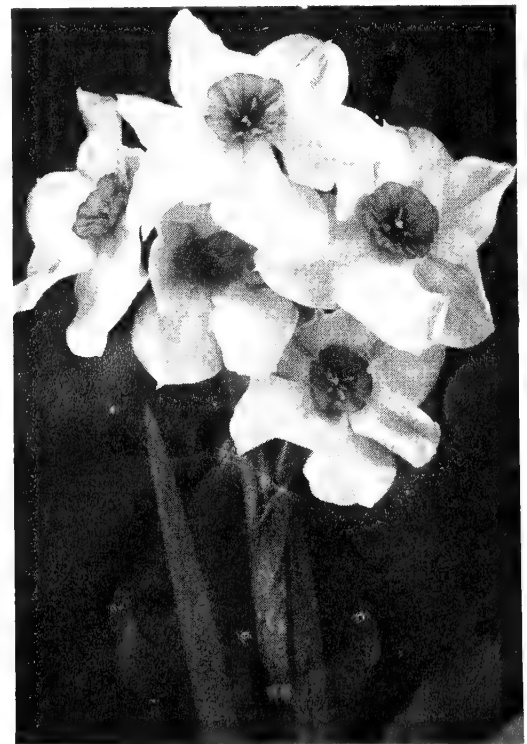

Mrs. C. W. R.,

LAURENS KOSTER

ELVIRA

SCARLET GEM

POETICUS NARCISSUS

In this group the perianths are glistening white; the cups or "eyes" very shallow and of bright yellow edged red; very fragrant.

ACTAEA—The largest flower in the Poeticus group. The petals are snow white and very broad; the large eye has a broad edge of dark red. Comes into bloom earlier than most of the Poeticus type. Very fragrant and has long lasting qualities.

3 for 35c, doz. \$1.20

EDWINA—Purest white perianth, broad overlapping petals, very flat cup edged red. Flower very large but dainty. Flowers later than Actaea but not so late as Recurvus.

Doz. \$1.00

GLORY OF LISSE—One of the standard varieties in the Poeticus group. Petals are pure white, flat yellow cup edged red. Blooms about the same time as Edwinna.

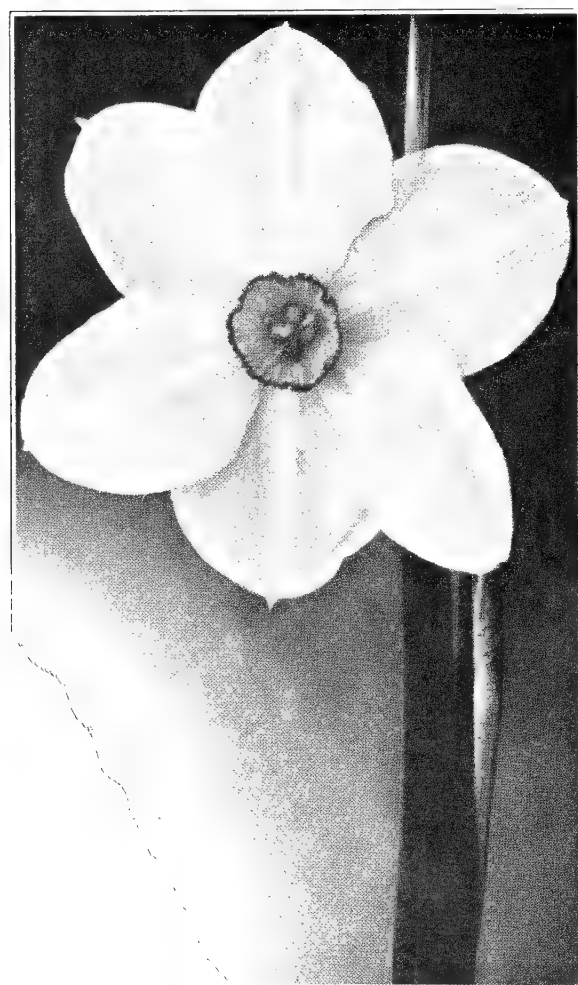

Doz. 80c

RECURVUS—The old Pheasant's Eye Narcissus. The latest to bloom and very hardy; unexcelled for naturalizing. Flowers smaller than the newer varieties with petals recurved toward the stem. Very fragrant.

Doz. 80c

SNOW KING—A tall growing variety of exceptionally fine substance. Pure Poeticus-white perianth with very broad petals, shallow cup with a broad red edge. Very fine.

Doz. \$1.00

POETICUS NARCISSUS

NORTH-
WEST
GROWN
DAFFODILS
ARE
AMERICA'S
FINEST

DOUBLE NARCISSUS

ARGENT—A medium size flower of cream-white with shorter pale yellow petals interspersed. Blooms rather late.
Doz. \$1.00

CHEERFULNESS—The double Elvira, see Poetaz group, page 11.

DAPHNE—This is a lovely flower. The blooms are large and pure white; stems long and strong; sweet-scented. Can be used for forcing as well as in the garden. This is one of the newer varieties and until this year has been rather high-priced. Now, however, stock is plentiful enough so that the reduced price will allow all to have some of these lovely flowers in their gardens.

3 for 50c, doz. \$1.70

GOLDEN PHOENIX—A full double flower of bright yellow with petals of a deeper yellow interspersed.
Doz. \$1.00

MOULIN ROUGE—Very late full double flower; broad overlapping perianth petals of light citron yellow; cup made up of long primrose petals shading to cream toward the center, and shorter petals of deep yellow-orange. A large blossom and very outstanding.

Each 80c, 3 for \$2.25, doz. \$8.00

ORANGE PHOENIX—White perianth with a double cup of white and deep orange petals.

Doz. \$1.00

PRIMROSE PHOENIX—A rose-shaped full double flower of primrose-yellow. Flower is large and carried on long stems.

3 for 35c, doz. \$1.35

IRENE COPELAND—Large full double flower, petals snow white with primrose-yellow markings. A decidedly different flower. One of the most popular of the Doubles.

Each 40c, 3 for \$1.10, doz. \$4.00

MARY COPELAND—A very striking semi-double type. Also very popular. The longer petals are pure cream-white with a golden ray down the center of each petal. Interspersed among these cream-white petals are shorter petals of lemon and brilliant orange. It is a very showy blossom.

3 for \$1.00, doz. \$3.60

ROYAL SOVEREIGN—The most graceful and charming of the semi-doubles; color is cream-white interspersed with crinkled and frilled trumpet petals of primrose-yellow shading to pale primrose as the flower develops. See our colored illustration on page 4.

Each 50c, 3 for \$1.40, doz. \$4.80

TEXAS—A tall growing double of fine form. Flowers are very large; pale yellow interspersed with brilliant orange. A late variety.

Each 60c, 3 for \$1.75, doz. \$6.00

THE PEARL—Very nice double of medium size; creamy white interspersed with sulphur yellow, the color being deeper toward the center of the blossom.

3 for 35c, doz. \$1.30

TWINK—A DeGraaff hybrid and one of the best of the doubles; because of its fine qualities is being used extensively by florists for forcing and for growing outside for cut flowers. It is a semi-double with alternating petals of soft primrose yellow and clear orange. A fine show flower.

3 for 55c, doz. \$2.00

VON ZION—This has been the standard double variety for forcing for many years. The color is uniform golden yellow; blooms quite early.

3 for 40c, doz. \$1.35

BULBOCODIUM CONSPICUUS—The yellow Hoop Petticoat. Flowers are deep golden-yellow, foliage rush-like, height 6 inches. Very early.

Doz. \$1.00

MRS. JOHN T. SCHEEPERS

ADVANCE

WILSHIRE GARDENS

DUKE OF WELLINGTON (Darwin)—A large flower of pure cream-white. One of the best whites and good also for forcing. 3 for 37c; doz. \$1.35

ELLEN WILMOTT (Cottage)—Long slender flower of fine form and delightful fragrance. Color pale primrose. Height 24". 3 for 23c; doz. 85c

FARNCOMBE SANDERS (Darwin)—Fiery rose-scarlet, inside vivid cherry-scarlet with a white center marked blue; large broad-petaled flower of perfect shape. One of the finest of all the red and salmon-colored varieties. Height 26". 3 for 25c, doz. 95c

GLORIA SWANSON (Darwin) — Enormous crimson-red flower with a bluish base. One of the largest flowers in its color, strong stem and good lasting qualities. 3 for 30c, doz. \$1.10

GOLDEN AGE (Darwin)—A fine stately tulip of deep buttercup yellow. One of the best of the yellows. 3 for 30c, doz. \$1.10

INSURPASSABLE (Darwin)—One of the largest tulips in existence. Soft lilac flower of great substance. Height 28". Highly recommended as an exhibition variety. 3 for 35c, doz. \$1.25

LOUIS XIV (Breeder)—A magnificent large goblet-shaped flower; dark bluish violet with tawny margin, circular dull blue base starred yellow. 3 for 33c; doz. \$1.20

MOUNT TACOMA (Mayflowering Double) — The largest tulip. Pure white petals with a yellow base. Very outstanding among the doubles. 3 for 30c, doz. \$1.10

MRS. JOHN T. SCHEEPERS (Cottage)—Enormous blooms of unsurpassed substance. Large nicely formed oval-shaped flowers of clear deep golden yellow. A real giant among tulips. 3 for 30c, doz. \$1.10

MR. VAN ZYL (Darwin)—A very fine flower of dark pink; Petals edged silver-white with a white base. 3 for 35c, doz. \$1.25

NEW ORLEANS (Darwin)—Very large substantial flower of rich pansy-violet merging into dark crimson and dark rosy magenta. Base indigo blue, black anthers. A most unusual color and unrivaled color. 3 for 30c, doz. \$1.10

NIPHETOS (Darwin)—A perfectly formed flower of soft yellow with lighter base and anthers. The petals are reflexed and of great substance and fine keeping qualities. One of the handsomest tulips. 3 for 30c, doz. \$1.10

PRINCESS ELIZABETH (Darwin)—A lovely soft rosy pink. One of the most popular of the pinks. Excellent for forcing in pots. Height 26". 3 for 25c, doz. 95c

PROFESSOR RAUWENHOFF (Darwin) — Bright cherry red with a scarlet glow; brilliant blue base. Good for pot culture as well as for garden planting. 3 for 25c, doz. 95c

RED EMPEROR (Botanical)—One of the largest tulips in existence. A hybrid with immense open flowers of brilliant scarlet. Height 18". 3 for 50c, doz. \$1.70

ROSABELLA (Cottage)—Very fine light pink, edges nearly white, creamy center; resembles closely a rosebud. Height 25". 3 for 27c, doz. \$1.00

ROSE COPELAND (Darwin)—A lovely shade of deep rose. Blooms very early. Height 24". 3 for 27c, doz. \$1.00

SCOTCH LASSIE (Darwin)—Purest deep lavender with a darker shade inside and with a dark blue base. One of the best lavender tulips. 3 for 37c, doz. \$1.35

WILLIAM PITT (Darwin)—Very dark scarlet with a purple shade on outer petals; large flower of distinct color and great beauty. Good forcer. 3 for 27c, doz. \$1.00

ZWANENBURG—A good white Darwin. Flower is large, of good substance and pure white. 3 for 32c, doz. \$1.15

HOQUIAM, WASHINGTON

HEMEROCALLIS – Daylilies

Hemerocallis are becoming more and more popular now that flower gardeners are realizing how much color they can add to their garden with a minimum of care and expense. Hemerocallis thrives in any type of soil, in full sun or part shade.

No spraying or dusting is required as they have no pests, and the clumps need to be divided only every three or four years. We know of no flowers that require so little care and give pleasure over such a long season. The roots may be planted at any time, although early fall or spring planting will give the best results. For quickest effect plant in groups of three. Our Hemerocallis Bulletin will give you exact planting instructions.

HEMEROCALLIS, GEORGE YELD

AMARYLLIS—Large flower, color a soft yellow with deeper throat. Height about 3 feet. Blooms in July and August.
Each 50c, 3 for \$1.35

ANNA BETSCHER—A large flower of rich orange-yellow. A mid-summer bloomer. Height about 3 feet. A well known and popular variety.
Each 50c, 3 for \$1.35

ANNIS VICTORIA RUSSELL—One of the largest Daylilies in existence and a profuse bloomer. The color is solid canary yellow with blooms 7" across; foliage dark green and crinkled.
Each \$3.00

APRICOT—A sweet-scented variety. The color is pale cadmium yellow. Height 2 feet. Has a long blooming season starting about mid-May.
Each 35c, 3 for \$1.00

AUREOLE—A May-blooming variety, color orange-yellow, height about 2½ ft. Has an extended blooming season.
Each 35c, 3 for \$1.00

AUTUMN RED—A long-blooming variety with open, semi-flaring flowers of rich velvety red; 15 to 20 flowers on well-branched stalks. Height 40". Blooms in August.
Each \$4.00

BAGDAD—A tall-growing variety with a bold and striking flower of glowing coppery-red over orange; a darker blotch and prominent midribs. Height 4 feet. Mid-summer.
Each 75c, 3 for \$2.00

BAY STATE—A popular large-flowered variety. The color is deep glistening yellow; the plant broad-leaved and sturdy, growing about 3½ feet high. Has a long mid-summer blooming season.
Each 50c, 3 for \$1.35

BEACON—This, the best of the Betscher introductions; is one of the finest of all Hemerocallises. It is still quite scarce. Very large, well formed flowers of glowing gold are borne on 4 to 5 foot stalks. June and July.
Each \$3.50

BIJOU—The flowers of Bijou have a background of orange overcast with fulvous red. Height 2 feet. Blooms in June and July.
Each \$1.00, 3 for \$2.50

CINNABAR—Rosy brown-red with a yellow throat. Increases rapidly. Has a long blooming season starting in July.
Each 60c, 3 for \$1.65

CRESSIDA—Rich golden star-shaped flowers of immense size. Luxuriant foliage. Flower stems about 3 feet. Blooming season July-August.
Each 35c, 3 for \$1.00

D. D. WYMAN—A superb golden yellow with a tawny splash on the petals. Large flowers on 3 foot stems. July-August.
Each 35c, 3 for \$1.00

DR. REGEL—A very early variety blooming in May. Suitable to plant among rather low-growing perennials. Foliage dainty; height about 2 feet; color orange.
Each 35c, 3 for \$1.00

E. A. BOWLES—Large flat flaring flowers of rich reddish orange blended with salmon and paler orange.
Each 75c

EARLIANA—This lovely Betscher daylily has the habit and blooming period of the old early varieties but its larger and very full flowers of rich golden yellow place it far in advance of the older sorts. The flowers face upwards and the broad rounded petals curve downward at the tips. Height 2 feet. May and June.
Each \$3.00

FLAVA—Known to many as the "Lemon Lily". The blossoms are lemon-yellow and very fragrant. Height 3 feet. Blooms in May.
Each 45c, 3 for \$1.25

FLORHAM—A large blossom of deep gold. Blooming season June-July. Medium height, about 3 feet.
Each 40c, 3 for \$1.10

FULVA ROSEA (Rosalind)—This lovely rose-pink variety is one of the most beautiful of all the Daylilies. The flower is of medium size, the height about 3½ feet. It does not need special care as the plants are vigorous growers with broad leaves and large root systems. It is a good propagator. Blooms in July and August.
Each \$4.00, 3 for \$10.00

FULVOLO—One of the newer varieties blooming very late. Color is dark fulvous, height about 30 inches.
Each \$1.50

GAIETY—A very attractive flower of unusual form. A luminous pale yellow blooming in June-July.
Each \$1.50

GEORGE YELD—One of the most popular of the polychromes and voted one of the six most popular varieties in all classes. A very large flower of pale fulvous and rose over orange. Height 3 feet. Flowering season July and August.
Each 60c, 3 for \$1.55

GLORIANA—One of the newer Betscher hybrids. A golden yellow with fluted petals. Flowers borne on tall 4-foot stems. June and July.

Each \$1.00

GOLD DUST—A semi-dwarf plant and one of the earliest to bloom. Height 2½ feet, color golden yellow. Blooming season May-June.

Each 35c, 3 for \$1.00

GOLDEN DREAM—This variety is also one of the six most popular Daylilies. A large flower of clear frosted orange. Blooming season July-August.

Each 50c, 3 for \$1.35

GOLDENI—A free-flowering type that multiplies rapidly. The flowers are medium size and of good substance. Color deep orange. Height 3 feet. Blooms in July.

Each 35c, 3 for \$1.00

GYPSY—A sturdy broad-leaved plant having large blossoms of bright orange with a fulvous ring. Stems 42 inches. Blooming season late July and early August.

Each 35c, 3 for \$1.00

HYPERION—Considered the finest of all Daylilies. The flowers are very large and waxy and of a lovely soft canary-yellow shade. Height 4 feet. Blooms in late July.

Each 65c, 3 for \$1.75

J. A. CRAWFORD—A lovely apricot-yellow blooming in mid-season. Increases rapidly. Height 3½ feet.

Each 35c, 3 for \$1.00

J. R. MANN—A large frosted buff and yellow blossom. The plant is large and sturdy with broad leaves. Flower stems about 42 inches. Has an extended blooming season late June to early August.

Each 35c, 3 for \$1.00

J. T. RUSSELL—A large two-tone flower of canary yellow marked with cinnamon. A Russell hybrid.

Each 75c

LEMONA—One of the earlier varieties flowering in late June. The color is a pale lemon yellow, height about 3 feet.

Each 35c, 3 for \$1.00

MANDARIN—Large artistic flowers of clear pale yellow. Height 4½ feet. Blooms in July.

Each 75c, 3 for \$2.00

MARGARET PERRY—A tall variety with a very long blooming season. Flowers a rose buff lined with red. Multiplies very rapidly. Blooming season July, August and September.

Each 40c, 3 for \$1.10

MARY FLORENCE—One of the Betscher hybrids; flowers waxy apricot buff. Height 3". Blooms in June and July.

Each 75c, 3 for \$2.00

MIDENDORFII—One of the standard dwarf Daylilies. Height 1-1½ feet. Flowers a rich orange opening in late May or early June.

Each 30c, 3 for 75c

MIKADO—Next to Hyperion the finest of all Daylilies. It is of the eyed type in a soft orange with a mahogany red blotch on each petal. For bold, striking contrast it compares favorably with Rajah and Bagdad. Height is about 3 feet, blooming season June-July.

Each 40c, 3 for \$1.10

MINOR—An early dwarf variety. Foliage grasslike, flowers dainty and clear, soft yellow. Blooms in early May. Height 16 inches. Especially good in the rock garden.

Each 30c, 3 for 75c

MRS. SEITH—One of the newest of Betscher varieties; a very large and beautiful flower of deep gold. Blooms very late in August and September. Height 3 feet.

Each \$2.50

MRS. W. H. WYMAN—A very late pale glistening yellow. Height 4 feet. Blooming season August.

Each 35c, 3 for \$1.00

OPHIR—Another of the six most popular Daylilies. Noted for the size of its flower which is 5 inches across and very deep. Color golden yellow. Stem 4 feet. Plant sturdy with long broad leaves. Blooms in late July.

Each 45c, 3 for \$1.20

RAJAH—A Daylily of the polychrome type blooming in mid-summer. Flower is of a delicate orange veined red with a garnet-brown eye. Height 3½ feet.

Each 75c, 3 for \$2.00

ROCKET—A Yerex hybrid, seedling of Rajah, with tall well branched stalks bearing very large flowers of deep crimson overlaid with purple. Frequently three flowers open at once on a stem. 3 feet. July. See illustration on page 21.

Each \$3.00

SACHEM—Medium large full bloom; dark carmine-red, yellowish orange throat, forming a concentric two-toned pattern. Holds color exceptionally well in hot weather. July. 3½ feet.

Each \$3.00

SIR MICHAEL FOSTER—Valuable for its long blooming season. Large ruffled flowers in an apricot shade. Height 4 feet. Blooming time July-August.

Each 50c, 3 for \$1.35

SONNY—A charming plant with firm-textured flowers of light yellow. Petals recurving. Height 3 feet. Flowers in July-August.

Each \$1.25, 3 for \$3.00

SOVEREIGN—A semi-dwarf plant with an early extended blooming season. The flowers are pale chrome yellow with a brown shading on outside of petals. May-June.

Each 35c, 3 for \$1.00

THE GEM—A rich shade of yellow flowering in July and August. Height about 3 feet.

Each 30c, 3 for 75c

THUNBERGII—Very similar to H. Flava, the Lemon-lily, but coming into bloom much later in the season. Color light yellow, medium height, fragrant.

Each 30c, 3 for 75c

VULCAN—Even toned, light velvety maroon, faint golden brown midrib, throat orange. A very showy variety. Blooms in July. Height 4½ feet.

Each \$3.00

WAU-BUN—Light cadmium yellow sprinkled fulvous red. A large sturdy flower with broad curled petals. Very unusual. Blooms in July.

Each 65c

WHITE LADY—A tall graceful plant producing many lovely flowers of pale creamy yellow. Height 40". Blooms in July.

Each \$2.50

DUTCH HYACINTHS

Select Bulbs from One of Holland's Largest Growers of Hyacinths

A bed or border of Hyacinths is a lovely sight, or groups of three or four planted here and there in the perennial border for early bloom. Plant about 5 inches deep and leave in the ground for several years. They will be nicer each succeeding year.

GERTRUDE—Deep rose-pink with a large compact truss of flowers.

LADY DERBY—Bright rose-pink, very large spike.

LA VICTOIRE—Bright deep carmine-rose; fine spike. Shade a little lighter when forced.

PINK PEARL—Deep rose; extra early.

PRINCESS MARGARET—Clear flesh-pink; large trusses.

L'INNOCENCE—Pure white, large truss; best white variety both for forcing and bedding.

DR. STRESEMAN—Azure-blue; enormous flower.

GRAND MAITRE—Deep lavender-blue, large compact truss.

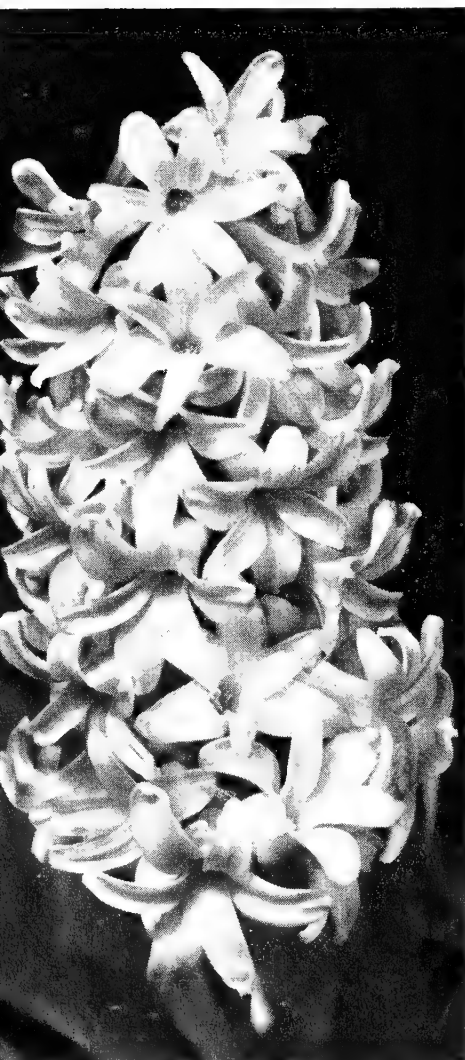

KING OF THE BLUES—Steel-blue, compact flower truss.

CITY OF HAARLEM—Cream-yellow, large truss, fine exhibition variety.

Each \$.30
3 of one variety .85
12 of one variety 3.00

Collection of one each of 10 varieties properly labelled:

10 bulbs \$2.90
3 each of 10 varieties \$8.40

HYACINTH

DUTCH CROCUS

The most cheerful news in early spring: "My crocuses are in bloom!" The long winter is over and the succession of beautiful spring flowers has begun. Plant them 3 or 4 inches deep in a sunny location so they will open early.

EARLY PERFECTION—Dark blue; extra novelty.

ENCHANTRESS—Soft blue, dark base, extra large.

JULIA CULP—Large purple.

PURPUREA GRANDIFLORA—Extra fine purple.

WHITE LADY—The largest pure white.

PRESIDENT FAURE—Striped white and purple.

STRIPED BEAUTY—Striped white and light blue.

MAMMOTH YELLOW—The largest yellow.

Top size bulbs, separate varieties or mixed.

Per doz. 60c, per 100 \$5.00

6 bulbs at the dozen rate, 25 bulbs at the 100 rate
(Please—no orders for less than six of a variety)

CROCUS

DUTCH IRIS

The Dutch Iris we are offering are DeGraaff Hybrids, an improved form of the old Dutch Iris. They are distinguished by a narrow orange stripe on the falls instead of the large blotch found on the older varieties. They are also superior in color and substance. In extreme climates they seem to need some protection although they do quite well as far north as New York. On the west coast and in the south they are absolutely hardy. They are also good for forcing in pots.

BLOEMAARD—Standards dark purplish blue, falls lighter blue. Large flower blooming early.

Per doz. 90c

BLUE HORIZON—Standards light violet-blue, falls lighter blue, narrow yellow stripe. Large flower.

Per doz. 90c

D. HARING—Standards greyish white, falls pure white; very large flower of good substance.

Per doz. 90c

IMPERATOR—A uniform deep blue. Flowers late. Fine for forcing.

Per doz. 90c

WHITE EXCELSIOR—Uniform pure white, falls very broad, good form and substance. Good for forcing.

Per doz. \$1.10

YELLOW QUEEN—Uniform golden yellow. Blooms late.

Per doz. 70c

WEDGWOOD (Tingitana Hybrid)—Large flower of lovely Wedgwood blue. For the cold climates these bulbs are very fine for forcing in pots. Hardy for outdoor planting on the Pacific coast.

Per doz. \$1.10

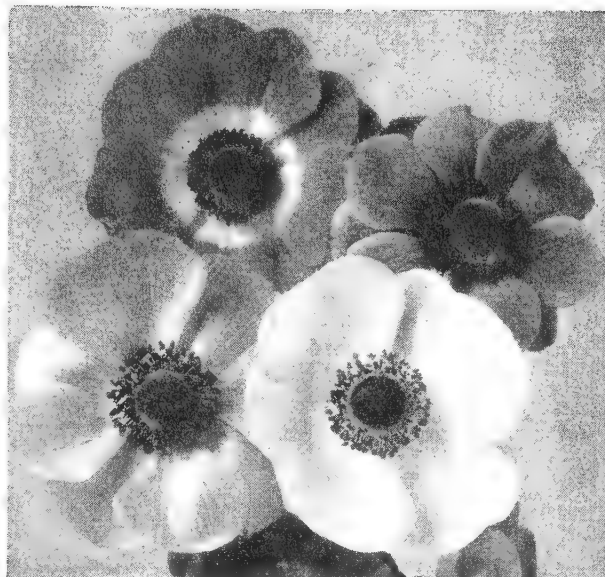

DUTCH IRIS

WILSHIRE GARDENS

RANUNCULUS

ANEMONES DE CAEN

SNOWFLAKES (Leucojum)

MUSCARI—Grape Hyacinth

HEAVENLY BLUE—Like miniature bunches of grapes, these 8-inch high clusters of gentian blue flowers are most attractive. To be effective they should be planted in clumps. Plant only 3 to 4 inches deep. They are absolutely hardy and will multiply rapidly. They are very nice for cutting and have a pleasing fragrance.

Top size bulbs, per doz. 50c

ALBUM—White Grape Hyacinth—A white form not quite so tall as Heavenly Blue and the spikes even daintier.

Per doz. 60c

MUSCARI PLUMOSUM—Feather Hyacinth—A very unusual and also very lovely flower in the form of a feathery plume; the color is blue-violet. Height about 8 inches.

Per doz. 75c

IRIS RETICULATA

A lovely little dwarf Iris with the scent of violets. Their color is a deep violet-blue; golden yellow blotch. Blooms very early.

Large bulbs: 3 for 65c, per doz. \$2.25

ENGLISH IRIS

The blossoms of the English Iris are much larger than those of the Dutch or Spanish, the plants are larger also and sturdier. They bloom in mid-June after the other varieties are gone. As cut flowers they are unsurpassable. The colors are several shades of blue, white, pearl, and maroon.

Large bulbs, mixed colors: Per doz. \$1.00

ANEMONES

Large Single Types

MONARCH DE CAEN—In mixed colors.

Large bulbs, per doz. 75c, per 100 \$5.25

HIS EXCELLENCY—Red.

BLUE POPPY—Blue.

THE BRIDE—White.

Large bulbs, per doz. 85c, per 100 \$6.00

Semi-double Type

ST. BRIGID—In many gorgeous colors.

Large bulbs, per doz. 85c, per 100 \$6.00

RANUNCULUS

Beautiful full double flowers in many shades. In severe climates they may be started in pots or planted out as early as possible in the spring. In the Northwest February planting is best. Cover only 2 inches and keep the ground moist as the leaves are very delicate and will not come through the ground if it becomes dry and crusted over.

RED SHADES

YELLOW SHADES

GOLD SHADES

PINK SHADES

ORANGE SHADES

WHITE SHADES

and

MIXED—All shades.

Largest size bulbs, per doz. 75c, per 100 \$5.25

LEUCOJUM AESTIVUM—Snowflake

Producing spikes of drooping white flowers having a small green tip on each petal. The height is about 1½ feet. A shady location suits them best and they should not be disturbed for several years, the blooms becoming better as they become established. Blooming time April and May.

Large Bulbs: Per doz. \$1.10

GALANTHUS

SNOWDROPS—A dainty milk-white bell-like flower suspended on a delicate stem. They are one of the first flowers to blossom in the spring; very hardy and multiply rapidly.

Per doz. 70c

FRITILLARIA IMPERIALIS

CROWN IMPERIAL—A group of brilliant orange-red flowers borne on the top of a long stout stem 3 to 4 feet high. The bulb is absolutely hardy. Plant in early fall, in good garden soil in a sunny location. Leave undisturbed for years.

Each \$1.00

LILY-OF-THE-VALLEY

LILY-OF-THE-VALLEY pips may be planted either in the fall or in early spring. They will have large blossoms the first year and if left in the ground will multiply rapidly. They should be planted in a shady spot in good rich garden soil and where they will have room to stand.

1 doz. large pips.....\$1.00

100 large pips\$7.00

ORNITHOGALUM UMBELLATUM—

Star of Bethlehem

A well known dwarf Umbellatum growing only 4 inches tall. A very hardy bulb requiring no special care. Flowers are white, star-shaped and upturned on branching stems. They are fine for naturalizing as they multiply rapidly and make a showy white carpet of blooms in May.

Doz. 75c, 100 \$5.25

SCILLA CAMPANULATA—Wood Hyacinth

The flowers are similar to Hyacinths, being bell-shaped, drooping flowers, many on a spike. Left in place for several years they multiply rapidly, forming clumps which send up many spikes of graceful blooms. In three colors:

ALBA—White.

Per doz. 80c

ROSE QUEEN—Lilac rose.

Per doz. 90c

BLUE QUEEN—Medium blue.

Per doz. 75c

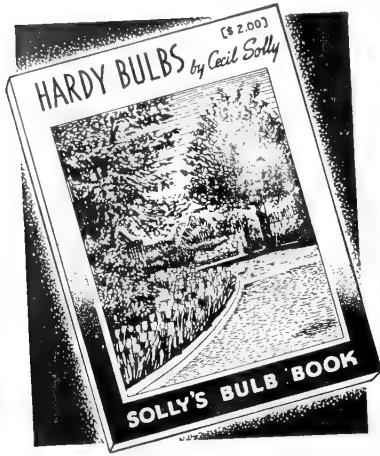

Mixed—A mixture of the above varieties: Per doz. 80c

TRITELEYA

TRITELEYA UNIFLORA VIOLACEA—A root-like bulb which produces in early spring a pale violet-blue flower with white center having a delightful fragrance. They multiply very rapidly and are very good in rock gardens or under shrubs or trees.

Per doz. 65c

OUR SPECIAL OFFER

Cecil Solly, well known writer and radio commentator on garden subjects, has published a new book on

HARDY BULBS

It contains 144 pages of information on varieties of bulbs and their care and culture. Many illustrations are used including 18 pages in color.

Price \$2.00

We will be glad to fill
your order for a copy.

To customers who send in an order amounting to \$25 or over we will send a copy of this fine book as a special gift. We want you to have it.

OUR SPRING CATALOG

For spring planting we specialize in TUBEROUS BEGONIAS, GLADIOLUS, HEMEROCALLIS, and small flowered DAHLIAS. Be sure your name is on our mailing list to receive our illustrated catalog when ready.

5% Cash Discount on All Orders Paid in Full by August 20, 1947. Prices Net After August 20, 1947.

Topango, Calif.

Recently received the grand bulbs for which I thank
you.

Mrs. H. J. R.,

TERMS

We prepay delivery charges on all orders amounting to \$2.00 or more. On smaller orders add 25c to help cover cost of handling.

Remittance may be made by check or money order. Stamps on small orders only. Cash, unless letter is registered, sent at customers' risk.

Because of the extra time involved and the extra expense to the customer we have discontinued all C.O.D. shipments. WASHINGTON customers kindly remember 3% retail sales tax. NO TAX on out-of-state orders.

5% Cash Discount on All Orders Paid in Full by August 20, 1947. Prices Net After August 20, 1947.

FREE BULLETINS

We have prepared a number of Bulletins to assist you with your bulb growing problems. We will be very glad to send copies of these Bulletins on request. They will be enclosed with your bulb order, or, if you wish them sent under separate cover, send self-addressed stamped **LEGAL SIZE** envelope.

Postage required for 11 Bulletins, 9c.

The subjects of these Bulletins are as follows:

- No. 1—The Year Around With Your Daffodils.
- No. 2—The Official Classification of Daffodils.
- No. 3—How to Care for Your Tulips.
- No. 4—The Official Classification of Tulips.
- No. 5—Success with Lilies.
- No. 6—Dutch, Spanish and English Iris.
- No. 7—Gladiolus Culture.
- No. 8—Hybrid Montbretias.
- No. 9—Culture of Callas.
- No. 10—Tuberous Begonias and Their Culture.
- No. 11—The Modern Daylily (Hemerocallis).

HARDY LILIES

In our list of Lilies you will find varieties of many colors, of varying heights and blooming time. It is possible to have Lilies blooming in your garden from late May until October. Lily bulbs are not ready to ship all at one time. Please note in the descriptions of each variety, CANDIDUM must be planted in early September while Auratum is not ready until late November or early December and may have to be planted the following spring. Our Lily Bulletin No. 5 gives planting instructions for these and other varieties. It will be sent with your order.

AURATUM (Gold-banded Lily)—Large white bowl-shaped flowers are carried on stems 4 to 6 feet tall. Each of the six petals of the flower has a gold stripe down the center and is also heavily spotted with crimson. Has a wonderful fragrance. Blooms in August. These are hybrids from especially vigorous stock and free from virus diseases.

Top size bulbs: Each \$2.65

AURELIAN HYBRIDS—These grand Lilies are the result of many years of patient hybridization, selection and propagation by a Northwest Lily hybridist. Many thousands of crosses have been made resulting in a distinctly different and beautiful strain of trumpet and semi-trumpet Lilies in white, ivory, cream and sulphur tones. We are very happy to present these this season to lovers of beautiful Lilies. Blooming time is July and early August.

Large bulbs: Each \$2.50, doz. \$25.00

BELLINGHAM HYBRIDS — These are hybrids from the crossings of many forms of west coast native lilies. All of them are handsome, brilliantly colored plants in shades of yellow and orange. Each 85c, doz. \$8.50

CANDIDUM (Madonna Lily) — One of oldest lilies in cultivation and one of the most popular. Because these lilies form a rosette of leaves in early fall they MUST be planted in late August or early September. Beautiful blossoms of pure white; blossoms upturned and many on a stem. Very fragrant. Blooming time late June. Order early.

Large bulbs: Each 45c, doz. \$4.50

Medium bulbs: Each 35c, doz. 3.50

CANDIDUM (Arctic Strain)—We are very proud to present a new strain of Madonna Lily developed over a period of years by selecting and re-selecting the best from foreign and American strains. The stems are tall and straight and the flowers of unusual texture and perfect form. These bulbs will be treated for quick root growth, packed in peat, 3 large bulbs in a shipping carton with instructions for planting and care. Sold only in threes. 3 bulbs, prepaid, \$4.00

CENTIFOLIUM — Immense white trumpets borne on stem 6 to 8 feet in height. When established may have as many as 25 blooms on a stem. The plant is named Centifolium because of its abundant foliage.

Top size bulbs: Each 35c, per doz. \$3.50

FIESTA HYBRIDS—These are crosses of the famous lilies introduced by Miss Preston. Stems are tall and erect and carry a large group of rich orange-vermilion flowers, some of which are spotted and some plain. All inferior plants have been rogued out and the resulting strain is very vigorous and robust.

Top size bulbs: Each \$2.50

***FORMOSANUM**—A late blooming white lily. The flowers are similar in shape to the Regal lily but more slender; the outside of the petals is suffused with a deep rose coloring; stems four to six feet and with several blossoms on each stem.

3 bulbs for 50c, per doz. \$1.75

HENRYI—A hardy vigorous lily very easy to grow. Does well in any light or medium garden soil. Height up to 8 feet in a well established planting with as many as 20 blooms to a stem. The color is deep orange-yellow and blooming time August-September. Each 50c, doz. \$5.00

MAXWILL — A brilliant orange-red lily blooming in July. The stem is from five to six feet with as many as 20 blooms after the bulb becomes established. Very robust.

Each 35c, 3 bulbs for \$1.00, per doz. \$3.50

PARDALINUM GIGANTEUM (Sunset Lily)—This is a very tall growing lily with stems 5 to 7 feet. The coloring is bright scarlet and gold spotted maroon. A very striking lily flowering with us in June.

Large bulbs: Each 35c, 3 for \$1.00, per doz. \$3.50

PINK TRUMPET LILIES—These fine hybrids show a flush of rose-pink on the face of the flower. They have been developed by selection from long hybridized strains of Lilliums Sargentiae, leucanthum and regale. They are new and very interesting and attractive. Early July flowering.

Each \$2.50, doz. \$25.00

PRINCEPS—This lily is similar to L. Regale being a large white blossom with a lemon center and a brown-lavender shading on the outside of the trumpet. It blooms later than Regale and the flowers are somewhat larger; stems are 6 to 8 feet. It is undoubtedly one of the finest of the white lilies.

Large bulbs: Each 50c, per doz. \$5.00

Medium bulbs: Each 35c, per doz. \$3.50

REGALE — The most popular of all lilies and planted in many gardens all over America. It is very hardy, thriving in almost any soil. The blossom is a large white trumpet with canary yellow throat and a suffusion of wine color on the backs of the petals. It can be used for forcing in pots, coming into bloom in early spring.

2 large bulbs 45c, per doz. \$2.25

SHUKSAN—A lovely apricot lily dotted with black, originated by the late Dr. Griffiths. A vigorous and handsome plant, stems 4 feet, coming into flower in July.

Each 65c, 3 for \$1.80, per doz. \$6.50

SPECIOSUM RUBRUM — Welcomed back again after several years' absence this lovely lily has gracefully recurved and handsomely spotted petals. The color ranges from pink to rosy-carmine on a white ground. Anthers are very large and golden brown. Height 4 to 5 feet. Blooming time August. Very select strain.

Top size bulbs: Each \$2.00

SPECIOSUM ALBUM — Beautiful snow-white form of the above except for a delightful green stripe down the center of each petal. Not quite as tall as the Rubrum but flowers at the same time. Very select strain.

Top size bulbs: Each \$3.25

***TENUIFOLIUM**—A lovely dainty bright orange-red lily blooming in June. Height is only about 2 feet, with six to eight blossoms on each stem. Petals are recurved and quite waxy. Very nice for the rock garden or in a border. Reproduces very easily from seed.

Top size bulbs: Each 30c, per doz. \$3.50

***TENUIFOLIUM GOLDEN GLEAM**—A hybrid form of the above with flowers of a golden yellow. Very hardy and of easy culture.

Top size bulbs: Each 30, per doz. \$3.00

TESTACEUM (Nankeen Lily)—One of the most beautiful hybrids ever produced. The flower of the turk's cap type with recurving petals, is apricot yellow flushed pale pink with bright red anthers. The height is 4 to 6 feet with up to 12 flowers to a stem.

Large bulbs: Each \$2.00

TIGRINUM SPLENDENS (Tiger Lily) — Thrives in almost any soil. The bright orange spotted flowers appear in July. Height 4 to 6 feet. Many blossoms to each stem.

Top size bulbs: Each 35c, 3 for \$1.00, per doz. \$3.50

TIGRINUM FLORE PLENO—Double type of the above Tiger Lily.

Top size bulbs: Each 35c, 3 for \$1.00, per doz. \$3.50

UMBELLATUM HYBRIDS—Brilliant orange and red-orange upright blossoms on strong 2 to 3 foot stems. Very sturdy plants. Bulbs multiply quite rapidly.

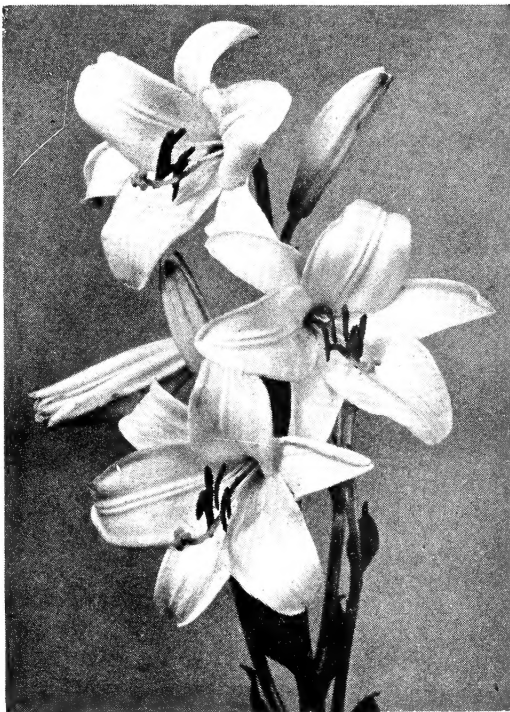

Top size bulbs: 2 for 55c, per doz. \$2.65

UMBELLATUM "Golden Chalice"—These hybrids are a specially selected strain of Umbellatum crossed with Dauricum and Elegans. The color varies from clear lemon yellow through rich warm shades of gold and apricot-orange. They are particularly drought resistant and can be planted in a warm spot in the perennial border. Height 2 ½ to 4 feet. Flowering time June.

Each \$1.25, 3 for \$3.50

Lilies marked * make very small bulbs but will flower easily and well. Formosanum will make five foot stems from the smallest bulbs.

If you are interested in securing fine planting stock of the Croft strain of Easter Lily write to us for information and prices.

L. CANDIDUM (Madonna Lily)

Twin Falls, Idaho

The Madonna Lilies I ordered from you in August were the finest I've ever had from any dealer. They have already made a splendid growth.

Mrs. A. G.,

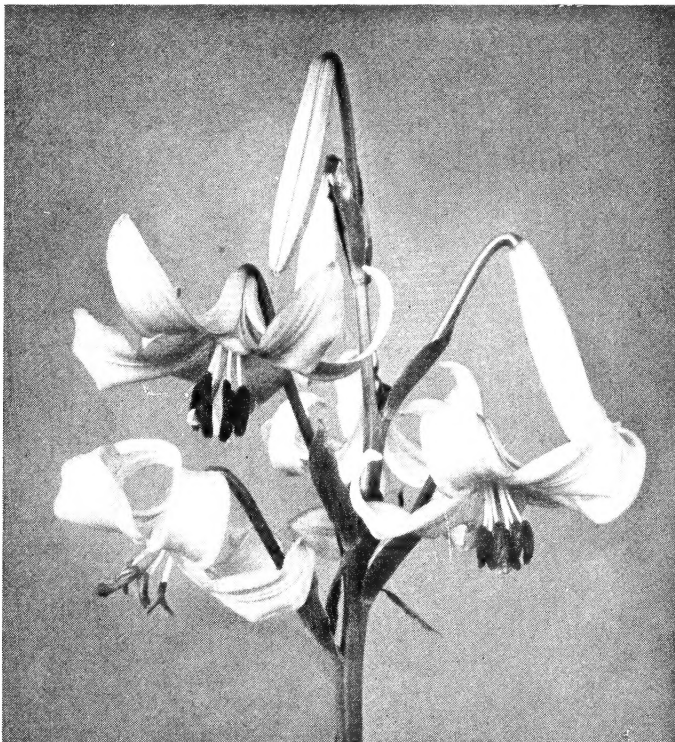

Walla Walla, Wash.

The Lilies and Dutch Iris arrived and we are very pleased with the bulbs. Thank you for such lovely bulbs and courteous treatment.
